Comment

Date July 27, 1999

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I urge your program to support water conservation methods in agriculture as opposed to encouraging water consumptive agriculture by allowing farmers to continue current practices. It is essential that freshwater flows to the Bay increase. I certainly do not support further stresses to the ~~CA~~ ~~env~~ environment by such as new dams or expanding existing reservoirs.
